Expectations for Students About Higher Education - Researching Options

From the I.D.E.A.S Handbook page 26 explore the options in post-secondary schools by researching in your library or media center. Refer to online resources for the most up to date information.

Do I want to go to school in the city where I live and commute?

PROS	CONS

Do I want to go away to school and likely live in a dormitory or rent an apartment nearby?

PROS	CONS

Do I want to attend a single-sex school, coed, religious or private school? Explain what each one is. I would/would not like to attend because...

What are the requirements to get into the colleges I want to attend?

What are the academic degrees offered at those colleges that I would like to know more about? (Name at least two)

How much does getting a college degree cost? What are some options to pay for school? What is the difference between public and private colleges? What is the difference in price?
